FOR IMMEDIATE RELEASE
August 3, 2017

THE CARIBBEAN LAW ENFORCEMENT FOUNDATION SIGNS AGREEMENT WITH TACTICAL MEDICAL SOLUTIONS TO LAUNCH FUNDRAISING CAMPAIGN TO PROVIDE TRAUMA RESPONSE SUPPORT TO CARIBBEAN POLICE

Atlanta, GA, August 3, 2017– With trauma response times in excess of 30 minutes in many Caribbean countries, this campaign seeks to provide responders with trauma medical kits and training that can extend the life expectancy of the responders, the communities, and visitors to the countries in the event of a traumatic injury. This initiative will also provide for any potential mass casualty event or natural disaster so that responders can help with basic life saving skills when medical personnel will be overwhelmed.

“The Caribbean Law Enforcement Foundation is honored to collaborate with Tactical Medical Solutions for the improvement of public safety personnel in the Caribbean. This project will generate funding to supply Caribbean personnel with the tools to better serve their countries”
- CEO and President of Caribbean Law Enforcement Foundation Inc., David Watson.

“Tactical Medical Solutions is proud to be aligned with an organization like the Caribbean Law Enforcement Foundation. Their efforts are critical to increasing both officer and public safety throughout the Caribbean region.” -CEO and President of Tactical Medical Solutions Inc., Ross Johnson.

The Caribbean Law Enforcement Foundation was formed to enhance Caribbean law enforcement and first responder agencies, by providing funding and equipment for training and technological infrastructure. Tactical Medical Solutions Inc. is a global developer and manufacturer of medical supplies for combat and tactical medicine.
